

PROCEEDINGS OF SENATE AND HOUSE

Many Bills Read But Only a Few
Have Been Passed.

THE EDUCATIONAL COMMITTEE

Makes a Desperate Blow at the State Schools—Poor Lo Cut Off on His Toddy—Bill for Relief of General Dickinson's Widow Passes House.

Tallahassee, May 16.—The Senate convened at 4 p. m. Monday.

The following new bills were introduced:

Senator McCreary—For the refunding of proportionate license tax by dealers in wines, etc., in counties which have or may be voted dry.

Senator West—To require payment of license tax by non-residents and aliens taking oysters from the oyster beds of this State.

By the joint committee on temperance—To provide manner in which domestic wines, beers and other intoxicating liquors may be sold.

By Senator Gillen—To authorize the city of Lake City to hold an election for the issuance of bonds. Rules were waived and this bill was read the second and third time and passed.

House memorial was, on motion of Senator Crews, substituted for his Senate memorial of the same nature, being a memorial to our Senators and Representatives in Congress in reference to a duty on Egyptian or long staple cotton, and the said memorial under waiver of rules was read the second and third time. A duty of 10 cents per pound is asked. Each Senator and Representative is to be furnished with a copy of this memorial.

Senator McCreary spoke in opposition to the adoption, saying it was in opposition to the Democratic platform. On the roll-call, Senator Crews, explanatory of his vote, said it was a House memorial, and he considered the House twice as Democratic as the Senate, as there were twice as many members in it.

Senator Wilson said that in 1896 the Democrats almost stole the Populist platform, and in 1900 got almost up on that of the Republicans, and that he didn't want a seat there and would vote no.

Senator Zim and others explained their vote.

The memorial was passed, 14 to 12. A bill in regard to the prohibition of the exaction or acceptance of rewards by public officers was sent back by the Governor, as containing an error. After some discussion regarding a new bill to take its place, the Senate went into executive session.

On reconvening several local bills were taken up on their third reading and passed.

Senate adjourned until 11 a. m. in the House.

Tallahassee, May 16.—The House convened yesterday at the usual hour.

After several memorials and new bills had been read, the report of Representative Wartmann, chairman of the Committee on State Institutions, was read, making an adverse report on appropriations for the various colleges in the State, and favoring the board of regents and the abolition of certain educational institutions of the State and to create others in their place and stand. Every State school asking for aid was denied by the committee report.

Mr. Wallis Putnam moved that the report be adopted, whereupon a lively debate took place, and after a brief interchange of words it was put on special order for Thursday at 11 a. m.

The following bills were passed:

To fix and establish a legal standard box or crate for oranges.

To preserve otter and beaver in the State of Florida.

To revise the statutes of Florida relating to the record and conveyance of real estate.

To amend law regarding carrying concealed weapons, allowing mail carriers over 18 to carry same.

An amendment to the law approved June 2, 1891, to protect the interest of farmers, planters and others.

An amendment offered by Mr. King of Dade to Senate Bill No. 92, by Mr. Hudson, "to punish the sale, gift, barter or exchange of intoxicating drinks to Indians in this State," was adopted and the bill passed.

Mr. Wartmann's bill "for the relief of Mrs. Mary Elizabeth Dickinson, widow of the late lamented Gen. J. J. Dickinson," was informally passed, Mr. Wartmann being absent.

The House adjourned after several bills had been passed.

Beautiful Lawn Fete.

A most delightful occasion was the lawn fete given by the members of the Periclean Society, composed of the young men students of East Florida Seminary, to the young ladies on Saturday evening. The spacious lawn at the beautiful home of Mr. and Mrs. Phillip Miller was tendered for the event, and the illuminations with Chinese lanterns made the grounds to resemble a beautiful bower.

There was a good attendance and every detail was in perfect accord with the beautiful evening. The supply of dainties to tempt the propensity of all present for these delicacies consisted of several varieties of cake, ice cream, ices and punch, served at intervals, and the evening was charmingly passed.

Attention, P. O. S. of A.

The regular weekly meeting of Washington Camp No. 8, Patriotic Order Sons of America, will be held at the hall, 115 East Union street, this evening at 8 o'clock. A full attendance is desired. Visiting brothers will receive a royal welcome.

SECOND ADVENTISTS WILL CONVEENE TODAY

Second Quarterly Conference Will
be Held in This City.

MANY WILL BE PRESENT

Among Whom Are Expected a Number of Eloquent and Impressive Speakers—Beneficial Session Anticipated. Invitation to the Public.

The Second Quarterly Conference of South Georgia and Florida, Advent Christian Church, will convene in this city this morning, and a great many ministers, elders and laymen representing the various churches throughout the domain, are expected.

The conference will be held in the Advent Christian Chapel, East Main street, N., which will afford ample room. Elder J. T. Butler of Live Oak will preside, while Rev. Joseph Sherouse of Jacksonville will act as secretary of the convention.

There will be in attendance some eloquent speakers, and the visiting preachers will fill the pulpit at various times. It goes without saying that during the conference, which will be in session to and including Friday, some impressive and inspiring sermons will be delivered.

The Christian Advent Church is growing rapidly in strength of membership throughout this domain. A few years ago there was comparatively only a handful when compared to the membership of other Protestant churches; but with an earnestness and willingness this little band has worked to increase and expand, with most gratifying results. The Adventists in Gainesville and suburbs have erected a neat little chapel which would be a credit to any denomination—and it was erected from funds derived largely through donations of its members.

The public is cordially invited to attend these meetings, and an interesting session of the conference is assured.

Juggling With Dynamite

Is no more dangerous than to neglect kidney disorders. Foley's Kidney Cure corrects irregularities and has cured many severe cases after other treatment has failed. It builds up the worn out tissues and restores health and vigor. "I was troubled with kidney complaint for about two years," writes A. H. Davis of Mt. Sterling, Iowa, "but two bottles of Foley's Kidney Cure effected a permanent cure." Sold by J. W. McCollum & Co.

A Tailor's Proclamation.

The art of advertising has reached a high pitch of excellence in these days, but old newspapers and circulars furnish some fetching examples which it would be difficult to improve upon. Fifty years ago a Maidstone (England) tailor made this alluring appeal to the public:

"Neoteric cutting. Coats, trousers and vests, in alamodal style and material, are scientifically constructed and symmetrically adjusted to the anthropological flexibilities, for a traumaturgically minute, prompt, monetary gesticulation." Then follows the address, where your "commands will be executed with rabdological exactitude and melliloquent courtesy."

Bishop Brooks' Joke.

Some years ago Bishop Phillips Brooks was recovering from an illness and was denying himself to all visitors when Robert Ingersoll called. The bishop received him at once. "I appreciate this very much," said Mr. Ingersoll, "but why do you see me when you deny yourself to your friends?" "It is this way," said the bishop. "I feel confident of seeing my friends in the next world, but this may be my last chance of seeing you."

In the History Class.

"Who set fire to the temple of Diana at Ephesus?" asked the teacher, looking sharply at the boy.

"I—I don't know, ma'am," answered the frightened urchin. "As true as I'm settin' here, I didn't have nothin' to do with it!"

Love's Young Dream.

Nobody ever pries into another man's concerns but with a design to do or to be able to do him mischief.—South.

Women's Headaches

542 1-2 Congress Street.
PORTLAND, MAINE, Oct. 17, 1902.

I consider Wine of Cardui superior to any doctor's medicine I ever used and I know whereof I speak. I suffered for nine months with suppressed menstruation which completely prostrated me. Pain would shoot through my back and sides and I would have blinding headaches. My limbs would swell up and I would feel so weak I could not stand up. I naturally felt discouraged for I seemed beyond the help of physicians, but Wine of Cardui came as a God-send to me. I felt a change for the better within a week. After nineteen days treatment I menstruated without suffering agonies I usually did and soon became regular and without pain.

Wine of Cardui is simply wonderful and I wish that all suffering women knew of its good qualities.

Mrs. Wilhelmine Snow
Treasurer, Portland Economic League.

Headaches are the danger signals of coming disease. Both men and women suffer headaches, but periodical headache falls only to the lot of women and is the unerring sign of irregular menstruation and bearing down pains. Completely prostrated by nine months of suppressed menses, blinded by headaches and racked with pain Mrs. Snow was made a strong and healthy woman again. Remember with Wine of Cardui no case is hopeless because this great remedy cures permanently nineteen out of every twenty cases and never fails to benefit a case of irregular menses, bearing down pains or any female weakness. If you are discouraged and doctors have failed, try Wine of Cardui, and try it now. Remember that headaches mean female weakness. Secure a bottle of Wine of Cardui today. All druggists sell \$1.00 bottles of Wine of Cardui.
